LET'S GET ACQUAINTED

It is a pleasure to meet you!

We at FRASEK are most pleased to put at your disposal an organization known, for over 35 years, for the best in stamps at the lowest prices. Our watchword is "Personalized Service" featuring efficiency and courtesy.

In our thousands of square feet of office space is housed a large and rich stock offering you the choice of medium priced stamps right up to RARITIES. Our world wide facilities are designed to aid you in furthering your collection whether you are a beginner or seasoned collector. Be it a general selection or a fine collection of Old German States — we can and will send you an approval containing many of the seldom offered stamps you need at a price you'll like.

Being one of the world's foremost buyers of ORIGINAL COLLECTIONS we maintain agents throughout the world in addition to our extensive personal foreign buying trips. We are constantly on the lookout for collections, accumulations, etc. As a result many hundreds of fine collections come into our hands each year. These distinctive items are sent on approval (See Page 14). You may buy out of them or purchase them in their entirety. Just ask us for a selection stating your favorite country or continent. These collections are sent to you exactly as we buy them from collectors all over the world — they are NOT dealer made. This unique feature of our Approval Department opens opportunities to you to acquire stamps hardly ever seen on the market as well as a great variety for you to choose from. It is reassuring to know that every stamp we sell is guaranteed genuine and is backed by our long-standing reputation.

"Small profit and quick turnover" are the by-words here at FRASEK — this enables us to offer you the finest in stamps at BIG SAVINGS. Many a collector's problems have been solved by us and we are always anxious to do our best for you.

We know you will find real pleasure and satisfaction as you expand your collection the FRASEK WAY — pleasure from our immense variety of stamps, and satisfaction from our VERY LOW PRICES. FRASEK approvals are designed to please the most discriminating collector. Ask for a selection of approvals and order from this booklet's Special Offers — you'll be very glad you did.

consisting of **10,000 ALL DIFFERENT**

(**NO** Great Britain included)

SPECIAL SALES PRICE \$798.50

An expertly assembled fine collection containing practically every one of Britain's past and present Colonies — Offices and Dominions, it is distinguished by its high quality and condition.

The collection is alphabetically mounted in 10 large books with the **CATALOGUE NUMBER** and **PRICE** marked under **EACH STAMP** — thus making the transfer to your collection more pleasant and considerably easier.

Few stamps of the world can compete with the fine execution and artistic beauty of both the classic as well as the modern issues of the British Empire offered to you in this collection.

It would normally take decades to assemble a collection of this size, as there are literally thousands of stamps in it which, while still very low priced in the catalogue, are most difficult to get. Add to this the fact that buying the stamps individually or as a collection corresponding to ours in quality, they would cost you elsewhere from **50% to DOUBLE OUR SPECIAL PRICE!**

Check for yourself and you will realize why we so highly recommend this collection.

SATISFACTION GUARANTEED!

You must be more than delighted with this collection or cash refund. Intact returns must be made within 3 days after receipt.

A LETTER FROM the late PRESIDENT FRANKLIN D. ROOSEVELT

"The WHITE HOUSE, Washington

I commend stamp collecting to you because I started a collection when I was about ten years old and have kept it up ever since. In addition to the fun of it, it has kept up my interest in history and geography, past and present. I really believe that collecting stamps makes one a better citizen."

DO YOU PREFER TO BUY STAMPS INDIVIDUALLY ?

If so let us know your favorite countries or continents and you will receive a fine large selection of hundreds or even thousands of mounted high quality stamps to choose from.

BRITISH NORTH AMERICA

Classic Collection

of 84 to 94 year old unused stamps of QUEEN VICTORIA

Purchased from an estate, these stamps are seeing daylight again after resting in a vault for many years. Belying their great age these stamps are all as fresh and fine as the day they were issued.

NOVA SCOTIA 1860-63, the colony's LAST ISSUE.

THERE ARE ONLY 13 stamps in existence of Nova Scotia, 7 of them, in unused condition, range in price from \$50.00 to \$850.00 each at catalogue prices.

These that we are offering are the beautiful but neglected "Orphan Annies" or what the trade calls "Sleepers" — stamps that are way under priced! They can be yours for **VERY LITTLE MONEY** at our quick-turnover prices. Be sure to get them before they too wake up!

The 1¢, 2¢, 8½¢ yellow green on yellowish paper with crude, primitive perforation and the RARE 8½¢ deep green on white paper with fine, clear perforations as well as the 10¢ — Scott #8. 9. 11. 11A & 12. **Cataloguing at \$9.25.**

AMERICAN SAMOA

We bring you a collection of the romantic 19th Century classic stamps which recall an era of the past when Malietoa Laupepa was king, and Samoa was an independent kingdom. On December 2, 1899 a conference was held at Washington at which the U.S.A., Germany and Great Britain decided to divide the Samoan Kingdom between them.

You will get the 1 Shilling and both issues of the 2 Shilling 6 pence (the red violet & the scarce purple one) the highest values of the 1887-99 issues and others. Also the 1892 issue complete and the 1895 & 1898 Provisional stamps, as well as the last stamps of Independent Samoa issued in 1899 under the Provisional Government, including among others, the highest values — the 1 & 2 Shillings 6 pence.

17 ALL DIFFERENT — all beautiful — all unused — a fine collection! (Remember independent Samoa issued only 38 varieties in all.) The catalogue value of \$6.75 tells only part of the story — the complaining spaces in your album tell more!

by John E. Gibson

as printed in the **NEW YORK HERALD TRIBUNE** Magazine Section

"This Week" (February 6, 1955):

"Collecting

Stamps, first editions, paintings, objects d'art, etc.

Analysis: You are apt to have a high I.Q., and an unquenchable thirst for either general or specialized knowledge. The odds are better than even that your inquiring mind seldom permits you to be bored. You tend to be levelheaded, and not easily upset. And — this is particularly true if you are a stamp collector — you tend to be happier and better contented with life than the majority of your fellowmen."

MOUNTING STAMPS

Postage stamps should not be pasted or glued to album pages under any circumstance! This usually ruins the stamp fastened in such fashion as it cannot be easily removed. The proper way to mount postage stamps in an album is with the little thin gummed pieces of transparent paper called "stamp hinges" made especially for this purpose. The proper use of hinges enables you to mount or remove stamps with ease and safety. However, hinges must never be removed from stamps while still wet! At least a half hour must be allowed for drying otherwise the removal of a hinge may tear the stamp or album page.

Here is a drawing that will explain every action that takes place in the use of stamp hinges:

A. Holding the hinge lightly between two fingers, bend back the top third and lightly moisten the gum as indicated by the shaded area of the sketch. As the gum is pure and tasteless many collectors moisten hinges by licking them, but a flick of a sponge may do as well.

B. Place the moistened part of the hinge to the top of the stamp, with the crease line at the top of the perforation.

C. Moisten the lower portion of the hinge as shown by the shaded area of the drawing.

D. Turn the stamp over before the moist area is dry and attach the hinge to the proper space on the album page.

E. The stamp has now been placed in the album. It is actually hinged (just like a door) and can be turned up for examination. After the hinge is **DRY** the stamp may be easily removed without damage to itself or the album page.

STAMP LOCATOR

FROM WHAT COUNTRY DOES IT COME?

Many postage stamps have been issued without the name of the country on them or printed in a language that most of us know little or nothing about, providing a puzzle to collectors. Sometimes a word, an initial or a mark may identify the design, therefore, we present this chart to help you find the proper location for your stamps. It would take many pages to list all the various markings on stamp issues, so we have listed only those stamps that are most likely to present difficulty.

"WHAT YOUR HOBBY TELLS ABOUT YOU"

"Q: What about people whose hobby is stamp collecting?"

A: Studies have shown that stamp collectors not only score appreciably higher on world knowledge tests (history and geography) than non-collectors, but that they possess mental ability which is considerably greater than that of the general population."

AS QUOTED FROM THE ARTICLE in the New York Herald-Tribune by John E. Gibson.
